Sphere—THE BARBARY STATES AND EGYPT.

*"How shall they hear without a Preacher?"*

Office of N.A.M.—18, JOHN STREET, BEDFORD ROW, LONDON, W.C. 1.

# THE NORTH AFRICA MISSION

was founded in 1881,  
and has Workers in

## MOROCCO, ALGERIA, TUNISIA, TRIPOLI, and EGYPT.

---

**Its Object** is to make known among the 24,500,000 Moslems in these countries the unsearchable riches of Christ ; and also to reach with the Gospel some of the 2,500,000 Jews and Europeans resident therein.

**Its Character** is Evangelical and Unsectarian. It gladly welcomes workers who, loving our Lord Jesus Christ in all sincerity, and being loyal to the Holy Scriptures as the inspired Word of God, are prepared for His Name's sake to go forth in dependence upon Him for the supply of every need.

**Its Practice** is to rely upon the living God to meet the requirements of the workers through the free-will offerings of His people.

**Its Activities** are aggressively Evangelistic. Every agency is subsidiary to the supreme object of glorifying God in gathering out a people for His name from lands which are enshrouded in the darkness of soul-destroying error.

**Its Methods** include Bible Depots ; Bible School for Converts ; Colportage : Homes for Girls ; Industrial Centres ; Itineration ; Medical Work ; Schools ; Scripture Translation ; and Visitation.

**Its European Workers** number sixty-five, assisted by native helpers, at eighteen centres, besides out-stations.

## **"LOOK ON THE FIELDS."**

---

Where long years of faithful toil have resulted in many precious souls being brought out of the darkness of Islamic error and of Apostate Christianity into God's marvellous light.

In many parts of the field there are unparalleled openings for the preaching of the Gospel, and for the circulation of The Word. "Who, then, is willing to consecrate his service this day unto the Lord?"

**Morocco**—with a population of about 7,000,000. There is much material progress under European Government, but spiritual progress is sadly retarded through lack of labourers. Mission Stations are established at **Casablanca, Fez, Laraish, Tangier** and **Tetuan**.

**Algeria**—where civilization is advancing but where Christ is little known. The call is insistent for reinforcements to reach with the message of God's grace more of its 5,600,000 inhabitants. Work is maintained at **Algiers, Boughni, Bone, Cherchell, Djemaa Sahridj** and **Tebessa**.

**Tunisia**—with its thrilling records of heroic testimony for Christ, including Raymond Lull's splendid crusade of love. The cry sounds forth: "Who follows in their train?" Efforts to reach some of these 1,800,000 souls are being made in and around **Bizerta, Kairouan, Sfax** and **Tunis**.

**Tripoli**—the land of desert wastes and about 1,300,000 needy souls. From thence came Simon. "On him they laid the cross that he might bear it after Jesus." Who to-day is gladly willing to spend and be spent out in love for those for whom Christ tasted death? **Tripoli City** alone is occupied, owing to lack of labourers.

**Egypt**—with its fascinating history, where Moses made his great renunciation for God. To-day the Master's ground of appeal is "For My sake and the Gospel's." Who, then, will yield life and service to Him in the Nile Delta, where thousands of centres have no Missionary? Work is carried on in **Alexandria, Shebin-el-Kom**, and out-stations.

# **"THY SERVANTS ARE READY**

**To do whatsoever my Lord the King shall appoint."**

Will those whom the King of Saints calls friends come behind David's loyal-hearted followers in devoted service for His glory :—

**By Labouring fervently in Prayer.** The Ministry of Intercession, energised by the Holy Ghost, is supreme in the realm of spiritual service. Matthew ix. 36-38 is of present application.

**By Reading and Circulating the Magazine, "North Africa,"** with the view of stimulating the Lord's remembrancers to definite and intelligent fellowship on behalf of the work and workers.

**By Supporting a Missionary, a Native Worker, or a Hospital Bed, either individually, as a family, as a congregation, or otherwise.** Such personal links are pregnant with immense possibilities of reciprocal blessing.

**By Possessing a Missionary Box** in which to lay by in store as God hath prospered — not grudgingly or of necessity—for God loveth a cheerful giver.

**By Arranging for Meetings** in places of worship, drawing rooms or elsewhere. A special Speaker will be gladly provided.

**By Forming, or Joining, a Branch of the "Workers' Union,"** which supplies clothing and native garments. Lady friends should write to Miss Una E. Tighe, The Priory, Christchurch, Hants.

**By Forming a Local Auxiliary** in fresh districts. A secretary can render invaluable service by enlisting the sympathy of the Lord's people, by distributing literature, by arranging prayer circles or public meetings; and generally by stirring up heart concern on behalf of the work in the lands along the Mediterranean Littoral.

**By Remembering the Words of the Lord Jesus,** how He said :—"It is more blessed to give than to receive."

# MOHAMMEDANISM

Denies the Deity and the atoning Death of Christ ; degrades its womanhood, and loves darkness rather than light because its deeds are evil.

## **The Reproach of Islam**

is a challenge to faith and service, which no member of the Church of the Living God can afford to neglect. It must be met by the Spirit-inspired use of the mighty weapons of our warfare, seeing that the system is virulently anti-Christian, and a master-stroke of Satan to withstand the progress of the glorious Gospel of the blessed God.

**“Lord, what wilt Thou have me do ?”**

is thus a vitally important matter for prayer ; and

**“Whatsoever he saith unto you, do it”**

is the only attitude of heart which can bring fulness of joy in service.

**The Secretary** will count it a privilege to give further information to friends desirous of helping in the work in any way open to them. The receipt of the following communication will bring a reply by return :—

“I shall be glad if you will send me a copy of your Magazine, and
