

WORLD DOMINION

The World Dominion Movement advocates Informed Continuous Co-ordinated Evangelism to reach everyone at home and abroad. Its basis is belief in the Deity and Atoning Death of the Lord Jesus Christ, the World's Only Saviour, and in the Final Authority of Holy Scripture.

SOVIET RUSSIA AND THE WORD OF GOD

to be over eighteen years of age, were working in factories and were never all free on the same day. The candidates had, therefore, to be instructed separately in houses after working hours. That was what this Young Men's Society had been doing, and now they had to appear before the court for their 'crime.' They were asked to recant, but they refused, although they knew that this meant exile. They held fast to their faith and were banished to the far-north, where they will have to do forced labour for many years. As far as is known, not one of them has yielded. What a blessed witness!

God keep us all, especially our young folks, from denying Him! When the hour of temptation comes, even when He lets us suffer, He can strengthen us to a faith which He will crown with blessedness, for He Himself is the 'Amen, the faithful and true witness.'

The New Paganism

A Florence professor, who has spent some time in Berlin, computes that there are no fewer than thirty-two different Germanic religious movements in the Reich. The Prussian Confessional Synod drew up a manifesto setting forth the Church's conception of the limits of State authority and protesting against attempts to use State machinery to subvert their faith; 700 pastors were imprisoned. In comparison with this savage treatment how tenderly the Nazi State deals with the New Pagans! They are allowed as much space in the newspapers as they like; they may advertise their meetings as it pleases them; the authorities will even concede to them those hours normally reserved for Government propaganda in which to broadcast their nonsense. All Germany stands by when a deputation—covered with medals and decorations—goes out to congratulate General Ludendorff on his seventieth birthday and listens while he tells them that he said good-bye to Christianity long ago and counsels the nation to follow his example.

This is the most serious aspect of the German situation. More serious than increased air forces or conscription; more serious for Germany herself. What a glorious part a great Germany, ruled by the Christian ethic, could play in the world to-day!
