

# WORLD DOMINION

The World Dominion Movement advocates Informed Continuous Co-ordinated Evangelism to reach everyone at home and abroad. Its basis is belief in the Deity and Atoning Death of the Lord Jesus Christ, the World's Only Saviour, and in the Final Authority of Holy Scripture.

## THE CHURCH OF THE RUSSIAN EXILE

from the Russian experience. It is possible to have a vigorous Church life under modern conditions, even when funds are lacking and no assistance is forthcoming, but in order to survive, the Church needs a close co-operation between the clergy and the laity, a conception of Christianity which includes all aspects of human life, and, above all, a firm faith in the reality of the Incarnation and Redemption revealed to suffering mankind in the Person of Jesus Christ.

### I Don't Smoke Now

Among those converted at an evangelistic meeting in Korea was an old woman. The visiting missionary who had conducted the meeting and a Bible-woman taught her as much as they could during the short time they were able to stay in that place, and then passed on. Months afterwards the missionary re-visited the village and again called on her old friend. The old lady told her how, after she had left, she sat in her hut in the evenings, puffing away at her beloved old pipe and thinking of the wonderful Gospel story and of the love of the Saviour towards her. And as she thought of Him she felt that she could not sit there with Him (for she was sure He was there, the missionary had said He had promised to be with her) selfishly enjoying her pipe alone, so, she said, 'I held it out to Him, and asked Him to share it.' After some evenings, it occurred to her that the pipe was very old and dirty and He was so very pure and holy : it was not fit to offer Him. So again she smoked alone. This went on for some time, till the thought came : ' If it is too old and dirty to offer to Him, then surely it is not fit either for me His follower.' She could not put that idea away from her and so she threw away the pipe, with the explanation, ' If it is not fit for Him it is not fit for me either. I don't smoke now.'

This little incident, told by a missionary recently returned from the field, is just another of those cases in which it can be seen how safe it is to leave the new-born child of God to the quiet teaching of the Holy Spirit. This ignorant old woman ' needed not that any man should teach ' her. She was led by the Spirit of God for she was a child of God.
