

# WORLD DOMINION

The World Dominion Movement advocates Informed Continuous Co-ordinated Evangelism to reach everyone at home and abroad. Its basis is belief in the Deity and Atoning Death of the Lord Jesus Christ, the World's Only Saviour, and in the Final Authority of Holy Scripture.

## A MONGOL CHIEF

We asked if they really wanted to believe? They replied that this was just the message they were wanting and had wandered so far to seek. They had intended to go hundreds of miles farther to Wutai to try to get the craving within satisfied, but now there was no need.

They now longed to go back to tell the story of how they were stopped from going to Wutai by being put into jail, and how they found in prison that for which they had been seeking. They had lost the dead, gold-enshrined Buddha, but had found the living Christ.

The Mongolian implored the missionary to send someone with them who could live amongst them and tell the tribe about Jesus, but workers were short in this newly-opened district, and there was no one to spare. He and his small company of fellow-believers returned alone, therefore, to tell the little they knew.

He said he would return the next spring and stay some time in the mission-station to hear more about Jesus and His teachings. He would then bring Mongolian horses with him in order to take some of us back to his tribe to preach to them, and would cover all expenses. We hoped that it might be possible for someone to be spared to go with him. But when next spring came nobody could travel on that side of the river as the Communists had infested the whole area. They even crossed the river to this side, and compelled the missionaries to evacuate for a time.

As we write it is spring-time again. Will the old Notable dare to set out once more on a long journey to hear more about Jesus and get someone to go to his tribe with the Gospel? Or is the old man already in his grave, gone home to be with the Lord, thanking Him for the prison experience? If he arrives, we have nobody to send.

### Among Tibetan Merchants

The Rev. E. B. Steiner, M.A., who works in a corner of Kumaon, adjacent to the borders of Western Nepal and Southern Tibet, carries on an interesting work among the Tibetan merchants who, twice a year, pass through his district on their way to India. Many are responsive to the Gospel, and one has recently become an ardent evangelist. The conditions surrounding such work are very hard, and any encouraging results such as these should be a subject of praise.
