

WORLD DOMINION

The World Dominion Movement advocates Informed Continuous Co-ordinated Evangelism to reach everyone at home and abroad. Its basis is belief in the Deity and Atoning Death of the Lord Jesus Christ, the World's Only Saviour, and in the Final Authority of Holy Scripture.

despite their poverty. On one occasion I dedicated from one district an offering, in kind, of twenty-seven cows, thirty-four goats and ten sheep. We gathered in the pen with the animals near the pastor's house and lifted up our hearts and voices in joyful praise.

Is there not a great joy in having fellowship with a young and struggling overseas Church which is pressing forward, winning victories, planting the Cross where it has never before been known? Islam is in the field, tremendously active in its opposition to the Cross and its Divine Sacrifice. Is it not time that our many conferences of missions led to more effective action in the field?

Godlessness at Work

It is reported that the Soviet Government will lease to the godless societies the short-wave radio station of 19.8 metres for a period of five years. The cost has not been disclosed. The radio will be used for broadcasts of a godless character in English, German, Spanish and French, and will be equipped with transmitters for North and South America.

The first Russian submarine to be paid for by the Godless Movement was recently put into the service of the Baltic navy at Leningrad. It is named the '*Besboschmík*' ('Godless') and its captain, Sorokin, and crew are members of the Godless Movement. The Central Council has decided to build another, which will be named after Yaroslavski, the President of the godless associations.

Speaking of Germany recently, Petrovitsch Samolski, a noted Russian godless leader, said :

'Herr Kerl, who is leading the campaign against Christianity in Germany is a man without culture or morals. His measures against the Church—the Roman Catholic Church especially—have, however, rendered service to the Godless Movement. When the Nazi régime has fallen, there will be a sweeping victory in Germany for the International Godless Movement.'

An article in *Wolschkaja Pravda* deals with the complete failure to win the gypsies of the Crimea by godless propaganda. Those attempting it must face the danger of being attacked or murdered. The young people are strongly under the religious influence of their parents.
